

# Namibia-branded ONU optical network unit 10G

## Overview

The AirLive ONU-10XG-1001-10G is a recently launched ONU that caters to new optical fiber communication networks. It conforms to international standards like ITU-T G. This is why 10G PON ONU has become a key upgrade choice for operators, ISPs, and system integrators building next generation FTTH networks. Choosing a 10G PON ONU is not only about higher speed. It is about long term network scalability, better compatibility with modern home networking equipment. The GigaPoint® GP1100G is an indoor, 2.5 Gigabit Ethernet (GE) interface delivering IPTV video and data services, and one voice line supporting carrier-grade VoIP (SIP). The GP1100G is designed for the industry-leading. The ONU plugs into a Cambium radio infrastructure, leveraging the radio's wireless backhaul capabilities to bridge the gap between the fiber network endpoint and the end user location. It's an ideal solution for areas where deploying fiber is impractical or cost prohibitive. Imagine compact. We specialize in providing used and new optical modules from major brands such as Cisco, Huawei, Finisar, Brocade, HPE, Nokia, and Juniper. All pre-owned products undergo rigorous professional testing to ensure stable and reliable performance. The ONU can bring fast Internet. Discover our selection of GPON, EPON, and XG (S)PON ONT/ONU devices.

## Article Content

ONT/ONU Devices | Optical Network Terminals and Optical Network ...

Discover our selection of GPON, EPON, and XG (S)PON ONT/ONU devices. Choose from reliable Optical Network Terminals for seamless connectivity and efficient network solutions.

GigaPoint ONTs and ONUs | Calix

The Calix GigaPoint® GP1101X is an indoor, 10 Gbps XGS-PON ONU featuring a 10 Gigabit Ethernet (GE) interface that delivers symmetrical 10 Gbps bandwidth for IPTV video and data services. It also ...

ONU-10XGS-1004-10G: 1 Port 10G XGS PON ONU

The AirLive ONU-10XGS-1004-10G is a recently launched ONU that caters to new optical fiber communication networks. It conforms to international standards like ITU-T G.9807.1 (XGS-PON). ...

XGS-PON Pluggable ONU

The Pluggable ONU (Optical Network Unit) extends the fiber network into hard-to-reach places or last-mile applications with seamless integration directly into Cambium radios such as ePMP™ ...

Hunan Zhaoyong Communication Technology

XGSPON ONU Stick with 8311 Firmware, 10G SFP+ Optical Transceiver with Web-Based Management (MAC, IP, SN) - for Mikrotik, Ubiquiti & More USD \$ 139.99 USD \$ 99.99 unit

10G LAN XGS PON ONU & ONT OXG 99C

The OXG-99C is an Optical Network Terminal (ONT) equipped with XGS-PON technology, it supports 10Gbps speed for up/downlink, bringing the higher internet speed on fiber.

Why 10G PON ONU is Essential for Modern FTTH Networks

10G PON ONU has fundamentally become a core component of modern FTTH networks. It decisively addresses the limitations of GPON, supports highly demanded multi-gigabit services, ...

Optical Network Unit (ONU) Price in Bangladesh 2026 | Star Tech

ONU, or Optical Network Unit, is a networking device that connects your home or business to the internet using fiber optic cables. It's like a bridge between the vast internet world and your personal ...

XGSPON ONU 10G Fiber Optical Network Unit

Designed for both residential and small business environments, this ONU supports flexible compatibility with mainstream OLTs, and stable long-distance fiber transmission.
