

Warranty Rack Rack Type

Overview

Manufacturer warranties are typically split into two main categories: the comprehensive Bumper-to-Bumper coverage and the more focused Powertrain coverage. The distinction between these two is the primary factor in determining whether a factory warranty will cover a rack and pinion. If a Küat product is covered by the terms of this warranty and is determined by Küat to be defective in materials or workmanship during the applicable time period set forth below, Küat will repair or replace the defective parts or product. Küat may choose in some cases to offer the owner a refund. Warranty: 3-Year standard warranty with optional 5-year protection for the rack that protects your entire system for complete peace of mind. Standardize your deployments around the world and bring them online faster with the Vertiv™ Rack. The Vertiv Rack supports a wide variety of equipment. At RackingWorld, we help guide you through selecting warehouse storage systems and racking. * Accessories made out of metal, excluding electrical accessories. FRAZIER will repair or replace FREE OF CHARGE any parts or sections of storage rack damaged while being used for the purposes for which said racks were designed and sold, when returned to FRAZIER within TWO YEARS.
